

NURTURING
A FUTURE
TOGETHER

Our history

1998

- We started operations like vegetables and fruits
- We begin canning operations at Mercado el Pueblo

2008

- We inaugurated the new Canning Plant in Montes de la Virgen.

2011

- We inaugurated the new Frozen Food Plant in Montes de la Virgen.

2024

- New products.

MISSION

To be one of the leading companies in the nutrition sector, recognized for its high and sustained level of quality and customer service.

VISION

Maximize the well-being and full satisfaction of our customers by providing quality and safe products, generating shared value in our environment.

OUR CERTIFICATIONS

Food safety

COMMITMENT TO EXCELLENCE: SAFETY AS A PILLAR IN OUR VALUE CHAIN

Our company has established itself as a benchmark in the production of canned peppers, gandules and frozen products, integrating Food Safety standards that exceed the expectations of the most demanding markets.

Traceability: From the Field to the Table

Our safety management begins long before processing. We implement a comprehensive traceability system that allows us to monitor every stage of the product life cycle. From seed selection and biological control in our fields, to final packaging, each unit tells a story of surveillance and care.

"We don't just send food; We export the peace of mind of an impeccable process, designed to protect the health of the global consumer and strengthen the prestige of Peruvian agribusiness."
